

To whom it may concern

I had the pleasure of attending Greg's website classes at Arapahoe Community College in the Fall of 2018.

He was a very patient and thorough instructor for a fairly complicated subject matter. Not only did he have the subject matter mastered he had a lot of real-world suggestions.

Combining the technical with his experience in social media was a real plus. It also provides a shortened learning curve and allows the students to quickly apply the knowledge they are learning.
